EDUCATION

KIET Group of Institutions *2020 – 2024*

Bachelor of Technology in Computer Science and Engineering (GPA: 7.85 / 10.00) Ghaziabad, Uttar Pradesh

– **Relevant Coursework: Data Structures and Algorithms (C++), Operating Systems, DBMS, Computer Networks**

EXPERIENCE

Binmile *June 2024 – Present*

Associate Software Developer Noida, Uttar Pradesh

– Integrated Razorpay for event booking, enabling secure payment workflows for 10,000+ monthly transactions with real-time status tracking.
– Implemented asynchronous communication using AWS SQS and SNS, reducing inter-service latency by 30% and enhancing microservices scalability.
– Utilized Amazon S3 Presigned URLs to provide secure, time-bound access to resources for 5,000+ daily active users.
– Integrated Redis for caching, reducing API response time by 40% and improving throughput for high-traffic endpoints.
– Leveraged AWS API Gateway for routing and authentication, handling 100,000+ daily API requests with 99.9% uptime.
– Developed and automated cron jobs to manage time-sensitive event workflows (status updates, booking expirations, notifications), improving system accuracy and reducing manual efforts by 80%.
– **Tech Stack:** Node.js, NestJS, MySQL, TypeORM, Redis, AWS SQS/SNS, S3, API Gateway, Razorpay.

Oasis Infobyte *May 2023 – June 2023*

Web Development Intern Remote

– Developed 4 responsive web applications, including a calculator and portfolio website, deployed to 500+ users.
– Enhanced landing page UX, increasing user engagement by 25% through optimized JavaScript and CSS animations.
– **Tech Stack:** HTML, CSS, JavaScript.
– **Certificate**

PROJECTS

Doctor Appointment System *December 2024*

– Created a user-friendly platform for scheduling appointments, making it easy for patients and doctors to connect.
– Made it easier for everyone to see a doctor by using modern technology.
– Scheduling appointments is smooth and quick, helping healthcare work better for everyone.
– **Tech Stack:** React.js, CSS, Node.js, MongoDB
– **Source Code**   **Live**

Homyz *December 2022*

– Built a user-friendly website for real estate needs and find properties easily with interactive features.
– The website helps people buy, sell, rent, or learn about properties. It's a digital place for all things related to homes.
– **Tech Stack:** React.js, CSS, Node.js, MongoDB
– **Source Code**   **Live**

TECHNICAL SKILLS

Languages: C, C++, JavaScript.
Web Technologies: HTML, CSS, Node.js.
Frameworks Libraries: NestJS, React.js, Express.js.
Databases: MySQL, MongoDB, PostgreSQL.
Cloud DevOps: AWS (S3, SQS, SNS, API Gateway.)
Tools: Git, GitHub, GitLab, VS Code, Postman.

ACHIEVEMENTS

– Achieved global rank 63 out of 10,000+ participants in CodeChef Division 3 (89 starters).
– Earned 5-star rating on HackerRank by solving 300+ challenges across algorithms and data structures.
– Solved 800+ problems on LeetCode, ranking in top 11% globally for algorithmic problem-solving.
– Solved 700+ coding problems on GeeksForGeeks and CodeChef, mastering advanced DSA concepts and improving coding efficiency by 40% over 2 years.
